

First Presbyterian Goldsboro is seeking a part-time interim director of student ministries. The focus of this part-time position will be middle school and high school youth. The responsibilities will include working collaboratively with the pastoral staff, the Christian Education Committee, and a core of committed lay youth leaders in developing and implementing weekly youth ministry programming, ideally through the summer months. This position could be a great fit for someone already living in the Goldsboro/Wayne County area. It can also be an opportunity to serve in an interim position while living out one's own time of transition.
